INTERNSHIPS

Web Development Intern – CodeClause HTML, CSS, JavaScript, Web Development	Mar 2025 – Apr 2025
Python Programming Intern – CodeAlpha Python, Automation, OOP, API Integration	Jan 2025 – Apr 2025
UI/UX Design Intern – CodSoft Figma, UI/UX Design, Prototyping	Feb 2025 – Mar 2025

PROJECTS

JobHunter – MERN Job Portal <i>React.js, Node.js, Express.js, MongoDB, Redux, Tailwind CSS, JWT</i> - Developed a full-stack job portal with separate workflows for job seekers and employers. - Implemented JWT authentication, role-based access control, job search, filtering, applications, and saved jobs. - Built employer features for job posting, application management, and candidate shortlisting. - Integrated MongoDB with Mongoose and designed a responsive frontend using React, Redux, and Tailwind CSS.	2026
RoomZo – PG Finder App <i>Flutter, Firebase, Google Maps API</i> - Developed a student-focused PG accommodation finder mobile application using Flutter. - Integrated Firebase Firestore for real-time PG listings and data management. - Implemented search, filters, favourites, dark mode, and Google Maps location features. - Designed a responsive and modern UI for improved user experience.	Jan 2026 – Present
ATS Resume Analyzer <i>Flutter Web, Dart, Groq AI API, Syncfusion PDF</i> - Developed an AI-powered ATS Resume Analyzer using Flutter Web and Groq AI. - Implemented PDF upload and text extraction using Syncfusion PDF. - Integrated Groq AI to generate ATS scores, keyword analysis, strengths, weaknesses, and suggestions. - Designed a responsive UI with real-time AI-generated insights and API integration.	May 2026
Browser OCR <i>HTML, CSS, JavaScript, Tesseract.js, PDF.js</i> - Developed a browser-based OCR application for extracting text from images and PDF files. - Integrated Tesseract.js and PDF.js for multilingual OCR and PDF text extraction. - Implemented client-side processing without server-side uploads for enhanced privacy. - Added copy/download functionality with a responsive Bootstrap-based UI.	May 2026
Weather App <i>HTML, CSS, JavaScript</i> - Created a responsive weather dashboard using a live weather API. - Displayed real-time temperature, humidity, wind speed, and weather information.	Dec 2024 – Jan 2025

CERTIFICATIONS

- Google Ads Search Certification – Google Skillshop
- Professional Learning on Python – Infosys Springboard
- Tata Group Data Visualisation Job Simulation – Forage
